Gentlemen:-

We should like very much to send you one of our new type 852 tubes for your exhibition if it were possible to do so but because of the numerous similar requests which we have always received it was necessary some years ago to make a ruling against donations of all kinds.

Some causes are more worthy than others but in a spirit of fairness we are compelled to refuse them all.

Regretting our inability to work with you on this proposition and wishing you and your exhibition much success, we are

Very truly yours,
